Anyway, here are all of the main features:

In EIden Ring, you will start as a simple adventurer walking on a plain peaceful lands.

The scenes of this game actually gave me an intuition. It was experienced when I played Elundar Kingdom. The landscapes, the maps and characters seem to have a power or energy. When you talk about that, I made a vague prediction and it seemed to be real. So here's a preview screen shot!

It is quite easy to select the desired heroes and equipment, etc. It is www.club.streampapa.net collection mode. The presets for the items are universal. You can change the items with your own preferences. I believe that it is an interesting approach to enjoy the game even if you don't know anything about RPG. The graphics are good enough to play the game smoothly.
